

KANDASWAMI KANDARI'S COLLEGE, VELLUR - NAMAKKAL
INTERNAL QUALITY ASSURANCE CELL-IQAC

FEEDBACK ANALYSIS AND ACTION TAKEN REPORT
2012-13

Preamble

System for evaluating teaching and course quality has long been established in the college through IQAC. As Moore and Kaul (2005) rightly pointed out that "Too often SET (Student Evaluation of Teaching) systems have been compulsory, publicly displayed, uncontextualised, unsupported, simplistic and interpreted in isolated ways, features which render SET's punitive bureaucratic tools rather than supporting mechanism through which enhanced learning environments can be created and sustained. Furthermore these characteristics are particularly inappropriate in academic environments, the very contexts in which people are encouraged to adopt critical stances to one-dimensional data gathering".

Feedback Analysis and Report

Every year, the IQAC collects feedback from the students, alumni and parents through well prepared questionnaire. The feedback data is analysed and appropriately used as expected to form an important input for quality enhancement of the institution.

The following results are drawn from the analysis of the collected feedbacks.

Feedback from alumni

An alumnus is one of the important support system in the college. The college use alumni in all the activities and programmes of the college. IQAC collects feedback from the members of the alumni association. From the analysis it was found that they are satisfied with the teaching methodology and quality of education of the college with regard to the infrastructure, they are always ready to extend their helping hand.

Feedback from the parents

All departments conduct parents' meetings periodically to discuss about the students' academic performance. Parents are satisfied with the mentor mentor system through which a mentor has a close check on the students' academic performance and behaviour. Parents' valuable suggestions are taken into account and implemented whenever and wherever necessary.

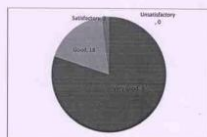

Feedback from the students

Anonymous feedback is collected from all the students at the end of every academic year. Every faculty member is judged with regard to course content, their teaching and evaluation process. A higher score indicates a stronger agreement with the statement put forth in the questionnaire.

1. To the questions which are asked with regard to course content, the students are satisfied and have awarded higher score between 3 and 4 out of 4. In some courses students gave full marks.
2. To the questions which are asked with regard to teaching process, the students are satisfied and have awarded highest score between 3 and 4 out of 4.00.
3. To the questions which are asked with regard to evaluation process, the students are satisfied and have awarded highest score between 3 and 4 out of 4.00.
4. To the questions which are asked with regard to the college, the students are satisfied and have awarded highest score between 3 and 4 out of 4.00.

IQAC conduct meeting to discuss about the feedback analysis in relation with the ways and means of enhancing the academic discipline, Teaching Learning Process, Research and Extension activities. The points emerging out of the students' feedback are communicated both to the department and individual faculty. This feedback definitely helps to improve the quality of course content, teaching methodology and evaluation system of the institution. The appropriate suggestions are put forward to the respective councils for implementation.

Overall impression 2012-13
