

**VISIT TO CENTRAL ELECTRO CHEMICAL RESEARCH INSTITUTE
FOR OPEN DAY PROGRAMME**

REPORT

- ❖ 18 Girls and 15 Boys of First and Second year M.Sc. Chemistry students accompanied with three teaching staff (including one female staff) and one non-teaching female staff started to Karaikudi on 26.09.2023 at 6.00 am to attend the Open Day programme which is to be conducted by **Central Electrochemical Research Institute (CECRI)**.
- ❖ The students and staff members reached the CECRI at 10.30am and one of our college alumni, Dr.M.Sathish, who is working there as a scientist welcomed students and staff.
- ❖ Dr.M.Sathish explained the various R & D activities carried out in CECRI and the latest corrosion prevention technologies.
- ❖ Then the students visited the electroplating, electrochemical advanced oxidation methods and composites related exhibits and discussed with the scientists.
- ❖ After having lunch, the students again visited the research working model areas exhibited by the CECRI scientists. Finally, the students and staff members departed to college at 03.00 pm and reached the college premises at 8.00 pm.
